throughout. The layout is superb with 3 bedrooms at the front, and a sunroom/sitting area with a central hallway connection to the large kitchen/meals/dinning. The home is sited on a 319m2 block but has separate rear lane access making it perfect for a shed or garage (STCA). The property is so central and is within walking distance to all the shops, my vendor when renovating the property said she walked timber down the road from Bunnings to her builders (That's close) My instructions are very clear and this property must be sold, all prior offers will be considered. Call us now to arrange an inspection.
