HISTORICAL CHARM RELAXING & WARM

When you step inside this ex rail cottage you immediately feel relaxed, with a sense of comfort felt only in an old style B&B. You can almost smell the bacon & eggs in the updated kitchen, with the comfort of gas cooking. Plenty of bench space & loads of natural light, this is the heart of the home. The renovated bathroom is of great size, and with 3 bedrooms all with BIR's, this home is ready to take on any family. The location of the open fire place in the lounge, places the warmth of the bricks into the master bedroom for efficient heating. When you take a stroll through your well treed 3 acres, enjoy the lovely views. You will not want to leave home with everything set up, chook pen, fruit trees and 2 fully fenced paddocks for stock. This can be your holiday destination & home in one.
