Combined with the kitchen is the open living area; spacious and light-filled, there is ample room for lounges and dining, and there is a large glass sliding door for access to the huge backyard!

The bedrooms all include built-in-robos, with the master bedroom offering a walk-in-robe and stylish ensuite!

The family bathroom includes large shower with inbuilt niche, long basin area and a bath.

The study nook is tucked outside the three bedrooms, making effective use of all space in the house.

Not the mention, there is gas central heating throughout the home for those colder months.

Essentially, you will have bypassed the time-consuming building process, and you can now beautify your new investment.
